

Data Privacy Day

2011

DIGITAL LIVES IN A NETWORKED WORLD

Data Privacy Day Session

Do you believe your privacy is protected in the ... Health sector, Public sector and Private sector?

Privacy professionals are invited to attend the second annual Data Privacy Day sponsored by the Alberta Office of the Information and Privacy Commissioner, Deloitte, Service Alberta and Information Access and Protection of Privacy (IAPP) Program, Government Studies, Faculty of Extension, University of Alberta

The Data Privacy Day session is free to participants and will be of interest to those professionals working in the field of information rights involving administration of health, public and private sector privacy.

Come join like minded professionals, hear Deloitte's Keynote Speaker, Commissioner Frank Work and panel of IPC experts as they share their insights and views on protecting personal information.

*** Space is limited - To attend the session please register ***

Participants will be accepted on a first come basis.

To register please call or email:
